

# Preservation Month 2012

**California Preservation Month is coming!**

## How will you celebrate?

The California Office of Historic Preservation will be celebrating Preservation Month May 2012 and we invite you to participate! OHP will be creating a **My Historic California** website to publicize historic and cultural activities throughout the state.

My Historic California will feature a calendar for posting your plans, activities, and events for celebrating Preservation Month as well as interactive activities to share **images, stories, and videos** on your favorite cultural and historic places. Stay tuned to our website ([www.ohp.parks.ca.gov](http://www.ohp.parks.ca.gov)) for information as it is posted.

**Join OHP in celebrating Preservation Month!**
